### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1-3 and 5-8 are allowable over the prior art alone or in combination. Regarding Schill'262 (US Patent No. 4,124,262), Schill'262 discloses a base unit 14, a top member 20, and a slide member 32 interposed between the base unit and the top member, however Schill'262 does not disclose a rotating means interposed between the base unit and the top member (see Figure 2). Schill'262 also does not disclose a supply cabinet. As such, Schill'262 fails to allow the top member to be rotated and to slide back and forth with respect to the base unit and fails to provide a supply cabinet.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
